

# My Brain Says Stop, But My Heart Says Go!

FM Static

I'll do my best  
Don't get upset  
Sometimes my brain says no but my heart says yes  
Oh!

It moves fast like it is whiplash  
Everybody run and get a season pass  
You think you understand it but you come up last  
Should've just passed  
Now you're standing in a big disaster  
I'm here to let you know  
Can't trust what you think you know  
Don't follow that yellow brick road when your brain says stop b  
ut your heart says go  
You move like the wind when my brain kicks in  
Beats like a drum when my heart says some  
I come so undone  
Help me choose which one  
I want to be smart but I wanna have fun  
So I'll sing

I'll do my best  
Don't get upset  
Sometimes my brain says no but my heart says yes  
Oh!

Turn it on like electric volts  
Got your heart thumping like it was techno  
Should've checked yes but you just checked no  
Shooting from the get-go  
But it's tricky when it gets so automatic  
Super static  
Just go when you know you know  
Don't follow that yellow brick road when your brain says stop b  
ut your heart says go

I'm here to let you know  
Can't trust what you think you know  
Don't follow that yellow brick road when your brain says stop b  
ut your heart says go

Oh!
