

Three Days Later

FM Static

I made a wish on a shooting star once
But it's been so long
Never did believe it
Till you showed up there and proved me wrong
Everyone is here and they're all cheering
With the end of another day
It's Friday night, everyone's asleep
And now we're walking home
Our shadows grow underneath the streetlights
Still, they're overgrown
A perfect end to a perfect night
And I feel so alright

One, she makes me feel not-
Two, much like anything, that's-
Three, times more than I've ever felt before, and it's-
One a.m. and I'm-
Two sucked in, 'cuz it's-
Three, days later, I can't stop thinking about you

Call lots of friends
And lets go down to the beach
Bring your stereo
And all your favorite cds
We'll bring all out guitars
Sit on top of our cars
And sing the night away just like rock stars
It's wide open, everyone scoping
Hoping to have a night
Where nothing gets broken
I will be leaving you tonight
Oh I'll be leaving you tonight

Woah, oh, oh, oh

[Chorus x2]
