

Calling all kids, this is our spear
It's on track to call yourself
A hero now, a hero then
You come on yourself like some way

Go sideways, wait late there
Like some kind of ocean takes you there
Takes you there, takes you there
Takes you there

Turning calendar down
Calendar down, calendar down
The hood to turn it down, oh
To turn it down, oh
To turn it down, oh

Turning calendar down
Calendar down, calendar down
The hood c-count me out, oh
C-count me out, oh
C-count me out, oh

Side way, we'll go sideways
Calling all kids on and on
And on, and on, and on, and on

Side way, we'll go sideways
Calling all kids on and on
And on, and on, and on, and on
And on, and on, and on, and on
And on, and on, and on, and on

Go sideways, go sideways, sideways, sideways
Wait to twelve for sideways
For sideways, sideways to show
Show himself for sideways

For sideways, sideways, sideways
Wait to seven, wait to seven
Wait to seven, to seven
To seven to show

Turning calendar down
Calendar down, calendar down
The hood, to turn it down, oh
To turn it down, oh
To turn it down, oh

Turning calendar down
Calendar down, calendar down
The hood, c-count me out, oh
C-count me out, oh
C-count me out, oh
