Sun's up We wait all day Sun's up We wait all day, all day

The hell outside's kept away
If only we could move away
From here

This is how we build a place An aviary for today An aviary for today

Let's disappear till tomorrow Let's disappear till tomorrow Disappear, disappear, disappear

Blow up these play parades, let's go To an aviary far from home To an aviary far from home

A one hand clap is me and you And you, and you, and you While the hell outside's kept away If only we moved away Disappear, disappear

Last vacation was the same We got moved away
Last vacation was the same
We got moved away
Last vacation was the same
We got moved away

Sun down now we have built our place
An aviary forever
An aviary forever
Forever, forever
Reappear, reappear, reappear
