

Downfall

Foetus

Fetid fruitcake
Rank Rapunzel
Took my tonsils
As a morsel

Down deep-fried it
Dipped in batter
Just devour
It don't matter

Just devour
Any loser
That you pick up
In your cruiser

Like talkin into a brick wall
You're headed for a downfall
Walk into a brick wall
You're headed for a downfall

DOWNFALL

And I hope you choke upon it
You presence makes me vomit
You're headed for a downfall
DOWNFALL
DOWNFALL
