

# In Magnificent Glory

Fog

Hidden away, enthralled silenced sleep  
Dreaming, lying dormant chaos  
Revenge!

Hear the thunderous hooves from below,  
Of one thousand hooves from below,  
Rising up through the darkness  
Waking to fulfill true destiny  
To destroy all that is holy

Smashin the sky  
Splitting wide the starvault  
Forward into battle  
To conquer the flesh

Shedding this mortal skin  
To set free our dark plague  
To slay the ones who oppose

Surrounded by violence fury and death  
We shall stand as the darkness prevails  
Crushing the essence of purity  
Iron and steel are forged of the blood

Completed the transformation  
Doorways to unforeseen dark dimensions  
Unlocked to unleash cloven hordes

Take heed what shall come to pass  
It has been foreseen  
Through ancient writs of prophecy  
Winged legions rise in blasphemy  
It has been foreseen

Burning star of satans might  
The open eye of portal of flight  
Time and space colide  
It has been foreseen

Flaming winds of lunar frost  
Scorch the earth as we destroy  
Casting darkness upon this world  
It has been foreseen

We shall rule in darkness  
Killing to feed the burning desire  
Triumphant frozen kingdom  
It has been foreseen

Hordes of darkness united by hatred  
Awakened from our timeless sleep  
Released from centuries of torment  
Seeking revenge

Legions of sacrilege  
Enter thy kingdom og worldly flesh  
To destro all that is holy

Legions of sacrilege  
Enter thy kingdom of worldly flesh  
To destroy all that is holy

Magnificent in our glory  
Demonic fog flourishes the face of the earth  
Chaos torment pain

The mortal flesh of this world  
Lies scattered, burnt and destroyed

Magnificent in our glory  
Riding on fury and vengeance  
And shall fall trampled under cloven hooves
