Foghat

You've got a secret lover, you can't take home,  
You've got an ache deep down in your love bone,  
Come on check in, in a hurry,  
Under cover there's no need to worry.  
Stay all night if you got the time, or just one hour is fine, o  
oh so fine.  
Look in the mirror above your bed, yeah,  
Start to wonder if you're bein' mislead.

Boogie Motel, Boogie Motel,  
May be sleazy, but it's cheap and it's easy.  
Between heaven and hell, check in to the Boogie Motel

Desk clerk's heart beats like a hammer,  
Got a smile like a beat-up piano.  
Gives a nudge and a wink as you sign in,  
"I got a room you can have a good time in!"  
What you want you can get for a price,  
Room service, send me something nice, so nice.  
Low down and nasty, ain't no Savoy!  
Bound to find something you can enjoy.

"Red lights! Blue movies! Sweet music! Close to business and ho

Get on the highway, if you want to use it - can't make it alone
