

Easy Money

Foghat

Lookin' for a way to earn some easy cash,
So I can lay back and watch it roll in.
I wanna flash my roll,
I want to see that good old eagle grin.

Lonely man needs a high rollin' woman,
That's what I had for sure.
But she took a ride, left me dissatisfied,
Ain't gonna say no more.

Easy money, can't get it out of my mind,
Easy money, ain't it hard to find!

Cruisin' along on a downtown avenue,
I'm lonely, but the night is young.
I got money to burn, I had to work to earn,
It'll soon be gone.

I found the right club, struttin' in, paid the man a dollar,
Eased myself into a place at the bar.
I drank a double shot, put me in the slot,
I'm feeling good so far.

Easy money, can't get it out of my mind,
Easy money, ain't it hard to find.

Lonely man needs a high rollin' woman,
That's what I had for sure.
But she took a ride, left me dissatisfied,
Ain't gonna say no more.

I been lookin' for a way to earn some easy cash,
So I can lay back and watch it roll in.
I wanna flash my roll,
I want to see that good old eagle grin.

Easy money, can't get it out of my mind,
Easy money, ain't it hard to find.
