

# Fly By Night

Foghat

It's three weeks now since I've been gone from Texas  
I said goodbye to a man who made me well  
Everyday I've got to keep on checkin'  
May be I'm right, How'm I gonna tell?

I travel by day and I seem all right  
But when the dark comes I'm a fly by night  
I'm nobody's fool, 'cause you'll only fool yourself

Feelin' down, there ain't no need to worry  
Satisfaction always guaranteed  
What you want, I've got the right solution  
I can give you everything you need

I travel by day and I seem all right  
But when the dark comes I'm a fly by night  
I'm nobody's fool, 'cause you'll only fool yourself  
Woo!

Just checked in, to number 507,  
Here today, tomorrow I'll be gone.  
I ain't no saint, I know I ain't no sinner,  
But I guess I've done somebody wrong.

I travel by day and I seem all right  
But when the dark comes I'm a fly by night  
I'm nobody's fool, 'cause you'll only fool yourself,  
I'm nobody's fool, 'cause you'll only fool yourself,  
yea!
