

# Nothin' I Won't Do

Foghat

I don't care what you need, girl  
A lover or a real good friend  
If you're lonely, you need somebody  
I'll be with you 'til the end

Nothin' I won't do  
Ain't nothin' I won't do  
Ain't nothin' I won't do  
I'll do it all for you

I know you ain't no angel  
You're sure gonna do some harm  
I love you, baby, you must be crazy  
To stick a needle in your arm

Nothin' I won't do  
Ain't nothin' I won't do  
Ain't nothin' I won't do  
I'll give it all to you, hey hey

Walkin' on a tight rope  
One slip and you're bound to fall  
Slow down, baby, watch your step  
Don't run before you learn to crawl

Nothin' I won't do  
Ain't nothin' I won't do  
Ain't nothin' I won't do  
I'll give it all to you

I saw you buy your ticket  
And the fireman rang the bell  
You feel so good, it's just like heaven  
Sure gonna give you hell

Nothin' I won't do  
Ain't nothin' I won't do  
Ain't nothin' I won't do  
I'll give it all to you

Yeah baby, nothin' I won't do  
I'll give you my time and my money too  
You want my love, I'll give it all to you  
You know it's true, do what you want me too
