

# I Am Fire

Folkearth

I was born on the drow of thunder  
And an icy takes I slaked my thirst  
For blood from corpses torn asunder  
Odin has placed a sword in my fist

I am fire!  
And in battle I burn higher!  
I am fire!  
To kill is my desire!  
My soul is aflame with Odin's fire!

Know my name, Berserker!  
As I sate the sword  
Scream my name berserker!

Cry havoc, the wolf is in the fold!  
See them run like fucking sheep  
From jaws of steel that seek to rend  
My delight is in this bloody deed

I am fire!  
And in battle I burn higher!  
I am fire!  
To kill is my desire!  
My soul is aflame with Odin's fire!
