

Thunders of War

Folkearth

Rend the sky
Lash the clouds
Thor, bring down
Fire arcane: they thunders of war!
Fight to die
Stand your ground Son of Odin
Unleash thy thunders—thy thunders of war!
String and proud
A horn doth sound!
Valkyries sing
Of glories steeped in...thy thunders of war!
Iron runes
Etched in blood
A' glimmer 'mongst
The endless stars—and the thunders of war!
Thunders of war
From the sky to the shore!
On thunder of war
Rides the chariot of Thor!
