

The Malevolent

Folkodia

Hail me as the foe
Of light and day alike-
Hail me as the scourge
Of Gods and men that strive
For order in this world-
All hail Loki, the malevolent!

"In darkness I plot and scheme,
With the fiends of the abyss...
One day I shall be back,
To show the Aesir the power of the One,
The power of Loki, the malevolent!"

Hail me as the enemy
Of Odin's shining reign-
Hail me as the Lord
Of the abomination of frost!
My name is Loki
Leader of the ravenous host!

My day shall come,
And it shall dawn red-
Dyed with the gore
Of my fallen foes!
