

Another Round

Foo Fighters

1. When she goes stormin' out
I run for cover
Rollin' like thunder clouds
Hangin' above her
Ring in the witching hour
Spells that I'm singin'
Rain come and drown me out
Sinkin' deep alone
- R1: Can you go another round?
I will follow you down and out
Let's go another round
I will follow you down and...
2. We could just lay around
Stare at the ceiling
Want to forget about
One for the feelin'
Room for photographs
Box full of letters
Come on make it last
Nothin' else matters right now
- R2: Can you go another round?
I will follow you down and out
Let's go another round
I will follow you down and out
- R2: Can you go...
- *: Let's go another round
I will follow you down and out
Let's go another round
I will follow you down and out
