

# Cold Day in the Sun

Foo Fighters

Take a high dive into your brain  
And you make your only cause  
You just might wear your welcome out if you don't let it go.

There's nothing that you couldn't say  
Cause you said it all before  
Think it's time you walk this lonely road all on your own

It's your cold day in the sun  
Looks like you're bleeding heart  
Has already won

Wish I could take it away  
And save you from yourself  
You get so lost inside your head like no one else

Looking for someone to blame  
Blame me all along  
You'll take the heat, but you would never take the fall

It's your cold day in the sun  
Looks like you're bleeding heart  
Has already won

You're so afraid  
That you are the only one  
That you are the only one  
You know

Don't be afraid  
Cause your not the only one  
You're not the only one  
I know

It's your cold day in the sun  
Looks like you're bleeding heart  
Has already won

It's your cold day in the sun  
Looks like you're bleeding heart  
Has already won
