

Come Back

Foo Fighters

1. Moving again
comfort of the chase
now and again
this my saving grace

R1: Dead on the inside I've got nothing to prove
keep me alive and give me something to lose
goodbye
this time I'm leaving you

I've been gone so long
so gone so long
but

R2: I will come back, I will come back,
I will come back, I will come back
I will come back, I will come back,
I will come back, I will come back for you

2. Changes changing
back and forth again
trading places
strangers in the end

R1: Dead on the inside...

R2: I will come back...

for you

R2: I will come back...

I will come back
I will come back
I will come back
I will come back
