

# Free Me

Foo Fighters

Free me right now  
You take me away, take it from me  
Free me right now  
You take me away, take it from me, yeah!

Beautiful prisoner, let it be dead  
Promises made it certain to end  
Voices and visions are locked in my head  
I could sing for sorrow  
All of the words that we damn never speak  
All of our ghosts and secrets we keep  
Gather them all we'll bury them deep  
I could sing for sorrow

Free me right now  
You take me away, take it from me  
Free me right now  
You take me away, take it from me

One for forever  
One in your name  
Once in your member  
We're one in the same  
One to forget but it always remains  
I could sing for sorrow

Free me right now  
You take me away, take it from me  
Free me right now  
You take me away, take it from me  
Could you free what's keepin' you?  
Well I need somebody too

Free me! Free me!  
Free me! Free me!  
Oh, Oh, Oh, Oh, Oh, Oh  
Oh, Oh, Oh, Oh, Oh, Oh

Free me right now  
You take me away, take it from me  
Free me right now  
You take me away, take it from me  
Could you free what's keepin' you?  
Well I need somebody too

Free me! Free me!  
Free me! Free me!  
Oh, Oh, Oh, Oh, Oh, Oh  
Oh, Oh, Oh, Oh, Oh, yeah!
