

If Ever

Foo Fighters

If ever you think you're not the one
I'll Remind you
If ever you think you're 'bout run
I will follow you

Come on to me
Just let it go

If ever you think you're not the one
I'll Remind you
Come on my love

If ever you think I'm not the one
I'll remind you
If Everything under the sand
Stars above
Come on to me
Just let it go

If ever you think I'm not the one
I'll remind you
Come on my love

If ever you think you're not the one
I'll Remind you
