

# Let It Die

Foo Fighters

Heart of gold but it lost its pride  
Beautiful veins and bloodshot eyes  
I've seen your face in another light  
Why'd you have to go and let it die?

Why'd you have to go and let it die?  
Why'd you have to go and let it die?  
In too deep and out of time  
Why'd you have to go and let it die?

A simple man and his blushing bride  
Intravenous, intertwined  
Hearts gone cold your hands were tied  
Why'd you have to go and let die?

Why'd you have to go and let die?  
Why'd you have to go and let die?  
In too deep and out of time  
Why'd you have to go and let die?

Do you ever think of me?  
You're so considerate  
Did you ever think of me?  
Oh, so considerate

In too deep and lost in time  
Why'd you have to go and let it die?  
Beautiful veins and bloodshot eyes  
Why'd you have to go and let it die?  
Hearts gone cold and hands were tied  
Why'd you have to go and let it die?  
Why'd you have to go and let it die?

Do you ever think of me?  
You're so considerate  
Did you ever think of me?  
Oh, so considerate

In too deep and lost in time  
Why'd you have to go and let it die?  
Beautiful veins and bloodshot eyes  
Why'd you have to go and let it die?  
Hearts gone cold and hands were tied  
Why'd you have to go and let it die?  
Why'd you have to go and let it die?

Why'd you have to go and let die?  
Why'd you have to go and let die?  
Why'd you have to go and let die?  
Why'd you have to go and let die?
