

# Lonely As You

Foo Fighters

What would I do  
Lonely as you  
Pleasure or pain  
I can't choose

What would I do  
Lonely as you  
Pleasure or pain  
I can't choose

Wake up  
You're dreaming  
I can't stand your screaming  
Drowning out these prayers  
Just some words without meaning

Spare all the breaching  
My secrets worth keeping  
No one understands like I do

Keep out of reach  
I'm your leading deletion  
Hide behind these masks  
Though they still see right through them

Every now and then  
You're down and out my friend  
Down and out again (3x)  
But I'm down with you

One more time for the last time  
One more time for release  
One more time for the last time  
Everyone wants to believe

Blame it on you, thought these years I've been losing  
Blame it on the past, it's the last place I know you  
Blame all the children, they're raging and ruined  
Blame it on the black and the blue

Every now and then  
You're down and out my friend  
Down and out again (3x)  
But I'm down with you

One more time for the last time  
One more time for release  
One more time for the last time  
Everyone wants to believe

Every now and then  
You're down and out my friend  
Down and out again (3x)  
But I'm down with you

One more time for the last time  
One more time for release

One more time for the last time  
Everyone wants to believe

One more time for the last time  
One more time for release  
One more time for the last time  
Everyone wants to believe

One more time for the last time  
One more time for release  
One more time for the very last time  
Everyone wants to believe  
all right
