

# Long Road To Ruin

Foo Fighters

1. Here now don't make a sound  
Say have you heard the news today?  
One flag was taken down  
To raise another in its place  
A heavy cross you bear  
A stubborn heart remains unchanged  
No home, no life, no love  
No stranger singing in your name

R1: Maybe the season  
The colors change in the valley skies  
Dear God I've sealed my fate  
Running through hell, heaven can wait

R2: Long road to ruin there in your eyes  
Under the cold streetlights  
No tomorrow, no dead end in sight

2. Let's say we take this town  
No king or queen of any state  
Get up to shut it down  
Open the streets and raise the gates  
I know one wall to scale  
I know a field without a name  
Head on without a care  
Before it's way too late

R1: Maybe the season...

R3: Long road to ruin there in your eyes  
Under the cold streetlights  
No tomorrow, no dead ends

R2: Long road to ruin...

\*: For every piece to fall in place  
Forever gone without a trace  
Your horizon takes its shape  
No turning back, don't turn that page

Come now, I'm leaving here tonight  
Come now, let's leave it all behind  
Is that the price you pay?  
Running through hell, heaven can wait

R3: Long road to ruin... (2x)

R2: Long road to ruin...
