

# Over And Out

## Foo Fighters

1. Restless little one  
Comfortable and warm  
Let me fall apart  
Crippled in your arms

Chase me through the dark  
Ready on your mark  
First to reach the stars  
Wins a broken heart  
One that broke apart  
Shattered from the start

R: Are you there?  
Do you read me?  
Are you there?  
I don't feel you anymore

2. Cages and alarms  
Keeping us from harm  
I will be the guard  
Hope to rest upon

Could I be the one  
To break a will so strong  
Pray it won't be long  
Til your will is gone  
Everything is done  
Nothing left at all

R: Are you there?...

Are you there?  
Will you give in?  
Are you there?  
If I give out  
Over and out
