

## Wind Up

Foo Fighters

1. I have a choice between the bat or the belt  
Each time I hear about the hand you've been dealt  
Spare me confession it's confession you sell  
Maybe I'll fall behind but I don't mind because I'll catch up

R1: I want a song that's indelible  
Like manimal  
I hope you never see me wind up

2. Will I be happy on the back of the shelf  
Will you be happy when we're sharing a cell  
Spare me your questions since you know me so well  
Someday you'll realize that I get shy and I choke up

R2: I want a song that's indelible  
Like manimal  
I hope you never see me wind up  
What is wrong with this animal  
I'm terrible  
I hope you never see me wind up

\*: Farewell my sweet paramania  
Farewell my sweet paramania

3. My only promise is that I'll never tell  
Keep you at a distance from the things that I felt  
I'll bite the bullet take the beating until  
I take it all back anyway what was I supposed to say?

R2: I want a song...
