## **Word Forward**

Good bye Jimmy, farewell youth I? must be on my way I've had enough of you Was a young man, proud and true Just a simple boy with nothing left to lose

Years that I've wasted These I owe you's

They're just fucking words This is life or death It's time to clear the air You better save your breath Say have you heard Say have you heard The Poison in my heart And voices in my head?

Years that I've wasted These I owe you's

I meant every word for word for word forward Word for word for word forward Word for word for word forward Word for word for word forward

But it's only words I meant every word They're just fucking words

Word for word? for word forward Word for word? for word forward
