Missing

Fools Garden

How does it feel? Now that we're softly falling Say do you feel the same Heroes won't fall, heroes won't fall

How does it feel? Now that we're slowly sinking Say do you feel the same It's wide open now, wide open now

Oh, don't miss you anymore The battlefields remain but it's better than before Oh, I don't miss you

Oh, don't miss you anymore The fear remains the same but it's better than before Oh, I don't miss you

Heaven is wide again Silence is always speaking We tried now we sail - the clouds cry as they fall, cry as they fall

Oh, don't miss you anymore The battlefields remain but it's better than before Oh, I don't miss you

Oh, don't miss you anymore The fear remains the same but it's better than before Oh I don't miss you I don't miss you

I still miss you We couldn't stay afloat Now we're washed upon the shore Oh, I don't miss you anymore I still miss you!
