## Fools Garden

1. Dan is drinking coffee  
Mary's drinking tea  
Betty's having breakfast  
in the plastic surgery
2. Some say she's a beauty  
Some may say she's mad  
But she doesn't care what the people say  
and dyes her red hair black

R1: You don't know,  
what they will say  
You probably've to do it your own way  
You don't know,  
what they will see  
absolutely nothing - probably!

3. Tom is vegetarian  
A little fool they say  
His father wants to change his mind  
He's trying every day

4. Anne is loving women  
Fred is loving men  
And everybody shakes their head  
'Cause noone understands

R1: You don't know...

5. In the corner plays a gypsy girl  
With Indians and with Jews  
Penny sings along with them  
though she wears different shoes

R1: You don't know...

R2: You don't know,  
what they will do  
Noone ever knows,  
you don't know too  
You don't know,  
what they will say  
You probably don't need another way
