

Let Go

For the Fallen Dreams

Let go of everything (thing) (thing) (thing)
Let go of everything (thing) (thing) (thing)
When will you learn your lesson
Repeating everything
Don't you come around here
I'll repeat what you say

Keep my name out of your mouth (outta your mouth) (your mouth) (your mouth)
Keep my name out of your mouth (outta your mouth) (your mouth) (your mouth)
If you swear to god again
I swear I'll lose my fucking mind
If you swear to god again
I swear I'll lose my fucking mind

Oh

Uh

I want you to learn your lesson (lesson) (lesson)
I want you to learn your lesson (lesson) (lesson)
I want you to learn your lesson (lesson) (lesson)
I want you to learn your lesson (lesson) (lesson)

When hope can get you so far
All the hate that disgusted you
Why wait
All I ask of you is to always stay true
And listen to what I have to say
I have something I need to say to you (you) (you)
I am fueled by hate
I am fueled (fueled)
By hate

This life I live is fueled by hate
This life I live is fueled by hate
This life I live is fueled by hate
This life I live is fueled by hate
This life I live is fueled by hate
