

Fearless (Acoustic)

For Today

We bear the mark of the uncreated god
So what should we fear?
So what should we fear?
We bear the scars of the holy risen son
So what should we fear?
So what should we fear?

Every threat is hollow
Our victory is already set in stone, so

We will not
We will not
We will not
Be afraid
I can see the courage rising
In the hearts of the sons of god
I can feel a fire burning
Across the earth we stand as one

We will not
We will not
We will not
Be afraid
We are not dismayed by the darkness
That surrounds us
Because we know when all hell closes in
If we stand and fight we are not alone

Oh, take your flame
Ignite the world

We are not alone

Oh, take your flame
Ignite the world

We will not be afraid [x4]
