

The King

For Today

"The greatest need of the hour is for our eyes to be opened."

"We need to know God."

"That One man could suffer a few short hours on that cross and save a multitude of men from an eternity in hell."

"He's the creator of the heavens and the earth, He's the Holy One of Israel, the Living God."

"Christ, He remains the message, He remains the standard. There is no other purpose for my life, but to follow Him

"He is Yahweh in the flesh, He is the Eternal One, the Divine, pre-eminent Son of God from everlasting, through Him the worlds were made."

"He took our sins by emptying Himself, by taking our suffering and our sin and our hell."

"The Lord is with me, I will not be afraid. What could mere mortals do to me? We are untouchable, we have nothing to fear."
