

## Misery Man

Force of Evil

Seems like the walls are closing in on me  
But in the end I know that I'll be free  
Burning all the bridges along the way  
I'm facing Hell every single day

I am the misery man  
Drowning in the sands  
I am the misery man  
No one will understand

All the things I've said and all the things I've done  
Put me in this place, nailed to the gun  
Sorrow and despair rides along with me  
I'm raising Hell, it's my destiny

I am the misery man  
Drowning in the sand  
I am the misery man  
No one will understand

I feel the rope squeeze around my neck  
I look around and see a world that makes me sick  
Another day with endless slavery  
I draw the line, I've reached my dying day

I am the misery man  
Drowning in the sand  
I am the misery man  
No one will understand

Seems like the walls are closing in on me  
In the end I know that I'll be free  
Burning all the bridges along the way  
Facing Hell every single day  
Seems like the walls are closing in on me  
In the end I know that I'll be free  
Burning all the bridges along the way  
Facing Hell every single day  
Seems like the walls are closing in on me  
In the end I know that I'll be free  
Burning all the bridges along the way  
Facing Hell every single day
