I'll Get Even with You

You gave it to me real low You gave me such a low blow You caught me with my guard down You floored me in the first round

You gave it to me real low You gave me such a low blow You hit me on the blind side You took me for a big ride

But I won't let it get to me I couldn't go through all that No, I won't let it get to me I'll try and hold it all back

And get even with you I'll get even with you Yeah, I'll get even with you You'll get what's comin' to you

You gave it to me real low You give me such a low blow You kick a man when he's down You kick him when he's on the ground, yeah, yeah

You gave it to me real low You give me such a low blow You got me in a tailspin You really tried to do me in

But I won't let it get to me I couldn't go through all that No, I won't let it get to me I'll try and hold it all back

But I'll get even with you I'll get even with you Hey, I'll get even with you You'll get what's comin' to you

I'll get even with you, I'll get even with you, wait 'n' see I'll get even with you, I'll get even with you I'll get even with you, I'll get even with you I'll get even with you, I'll get even with you You'll get what's comin' to you Foreigner
