

# In Pieces

Foreigner

Here I am in this place again  
It's not where I wanna be, with you  
It feels like we've been here a thousand times  
Now I think we've crossed the line  
Don't know how we'll make it through

The more it hurts, the more it seems so clear  
I'm asking you - Where do we go from here?

In pieces...  
I see our love - Scattered all around  
In pieces...  
Our broken hearts - Shattered on the ground  
And all the dreams we could have shared  
Are torn up like we never cared  
In pieces...

Ohhhhhhh... In pieces

Through your eyes, I see a pain inside  
What used to be so innocent, is gone  
Did we have to kill the only thing  
That made our love so beautiful  
Tell me where did we go wrong?

We need to help each other out this time  
And we can make it better if we try  
Ohhhhhhh...

In pieces...  
I see our love - Scattered all around  
In pieces...  
Our broken hearts - Shattered on the ground  
And all the dreams we could have shared  
Are torn up like we never cared  
In pieces...

Ohhhhhhh... In pieces...

The bridges that are burned...  
Ohhhh...  
The lessons that we learned...  
You're everything to me...  
Baby we're not meant to be...

In pieces...  
I see our love - Scattered all around  
In pieces...  
Our broken hearts - Shattered on the ground  
And all the dreams we could have shared  
Are torn up like we never cared  
In pieces...

Ohhhhhhh... In pieces...

In pieces...

In pieces...

Ohhhhhh...

In pieces...

In pieces...

Ohhhhhhhhhh... In pieces...
