## Just Between You and Me

## Foreigner

Staring at each other with accusing eyes keep our voices low Don't act surprised If the word gets out, yeah, that's alright

I know you're just looking for some sympathy but listen you don't know how it gets back to me You're getting reckless girl, but that's alright

Don't you know that one cold word is going to lead to another and then we'll have nowhere to go

Even if heaven and earth collide tonight we'll be all alone in a different light I don't care what the world can't see It's just between you and me

I see telltale signs of a love in decline There should be something to say but we don't take the time and I don't understand, but that's alright

Now you can turn the page or you can tear me apart Don't make an open book out of my private heart You should know better now, but that's alright

Don't you know that one cold word is going to lead to another and then we'll have nowhere to go

Even if heaven and earth collide tonight we'll be all alone in a different light I don't care what the world can't see It's just between you and me

If we don't work this out we won't recover We'll loose this soulfful love for one another But with all I've heard and all I've seen I'm still lost in your mystery

Staring at each other with accusing eyes keep our voices low Don't act surprised if the word gets out Yeah that's alright

Don't you know that one cold word is going to lead to another
