

Moment of Truth

Foreigner

Don't expect me to treat you like a lady
I may not always show respect
It's too soon yet, I hardly even know you
That's just my way, don't get upset

You see, up 'till now I've been living like a loner
Gettin' by, just gettin' by
And this heart of mine has only had one owner
But you could change that if you tried

Now I don't want a love forever
And I don't need a master plan
I just want to come together
And I want you to understand

It's the moment of truth, and it's finally come this time
Now we must draw the line
The moment of truth, this time it's everything
Open up, let me in, let me right into your heart

I intend to treat you like a woman
'Cause I can see you're not a child
You've got that look, that certain way of knowin'
It's got my senses runnin' wild

Now I don't want a love forever
And I don't need a master plan
I just want to come together
And I want you to understand

It's the moment of truth, and it's finally come this time
Now we must draw the line
The moment of truth, this time it's everything, open up
let me in
The moment of truth, and it's finally come this time
Now we must draw the line, the moment of truth this time
