## She's Too Tough

Foreigner

My girl, everybody says she's alright And I know that she's more than alright Well, she's a hard headed woman Got a mean attitude I may have bitten off more than I can chew I get a little light headed At her altitude But she goes one step higher

If I'm going to spend the rest of my life With a woman like that, I better think twice

She's too tough I said she's too tough From the moment she wakes up Her mind is made up She's too tough, she's too tough

My girl, she's got a way about her I know I can never live without her She's a hard headed woman So hard to please She's got her own way of dealing with me I'm out on a limb, I'm a cat up a tree But this tree's on fire

I want that woman for the rest of my life I don't know if I'm up to payin' the price

She's too tough I said that she's too tough From the moment she wakes up Her mind is made up She's too tough

You hear she's too tough Well I don't believe I'll ever leave her She's too tough, she's too tough

Well if I'm gonna spend the rest of my life With a woman like her, I'd better think twice

She's too tough I said she's too tough From the moment she wakes up Her mind is made up She's too tough, that's right

She's too tough If I do what I'm told She's gooder than gold to me She's too tough

I said she's too tough When push comes to shove This must be love She's too tough

Yeah she's too tough Well I don't believe I'd ever leave her, never leave her She's too tough, she's too tough
