

Too Late

Foreigner

Here we are
Feels like we're strangers
Acting like we don't know something's wrong
We've been hanging on
To what's dead and gone,
Have we finally reached the point of no return?

Is the price we're paying way too steep
For all the promises we could not keep
I believe...

It's too late to take
Back the things you did to me
It's too bad it's too late (it's too bad too late)
I tried but this time you've gone and crossed the line
It's too bad it's too late

It's a shame
But we have ourselves to blame
The question is can we remain as friends?
Do we stand a chance? (do we stand a chance)
Or has our time passed (or has our time passed)
And is this just the way the story ends

You're saying all the words I've longed to hear
And though you're sorry baby one thing's clear
I believe...

It's too late to take back the things you did to me
It's too bad it's too late (it's too bad too late)
Ohh it's too late
I tried but this time you've gone and crossed the line
It's bad it's too late (it's too late)

(solo)

It's too late to take back the things you did to me
It's too bad it's too late (it's too bad too late)
I tried but this time you've gone and crossed the line
It's too bad it's too late
It's too late to take back the things you did to me
It's too bad it's too late (it's too bad too late)
Oh it's too late
I tried but this time you've gone and crossed the line
It's too bad it's too late
Don't you know it's much too late
I can't take it baby no it's late
I wanna say for you I don't know if I'm gonna stay it's too late
Oohhh...
