

## Eternal Autumn

## Forest of Shadows

So sudden it seemed  
This tragic vision painted before my eyes  
Amidst withering leaves  
I had found my beloved  
Bloodstained and pale  
Falling into the forever  
So silent aware of my presence  
She turned towards me  
Her agonizing stare,  
One last breath and  
She whispered everything dies  
Before my tearfilled eyes  
Dead and silent,  
A golden leaf of autumn  
Falling before my tearfilled eyes  
This withering beauty,  
This eternal autumn so silent  
So silent
