

Destroy Us

Forever in Terror

Confusion of a beautiful mind, separate skin from bone.
Pencil in my body, to see my live. We move apocalyptic thoughts
beyond the grave.
Destroy Us, limb-from-
limb. The resolution the only way is death.
And now you'll feel my shake. Our inner ashes will awake.
The moral of the story, Is I have planted my feet. This soil is
forbidden.
Destroy us, limb-from-limb The only way is death. Your resoluti
on, the only way is death.
Carry my body to the sacrifice
And now you've lost your own, you've finally made it through.
