

Restless In The Tides

Forever in Terror

It was a dark day.
Who knew if would be her last.
All I remember, the waves broke her like glass.
Your eyes, paralyze me.
I realize now that your gone.
Take her away,
She's restless in the tides.
Theres nothing left but this, Black day.
Now here I stand..
Restless in the tides.
The gunshot rings..
Wash ..away.
The memories of her eyes
Blind me. kill me.
And I know you'll be gone forever.
Kill me, kill me!
