Dreams and Dust

Forever Slave

Is this the river? The river of the dreamer Who lost the reality

Death in your hands And dust in your soul Are tinting your reality

She lost her destination Her mind was the tempting truth

Nunc et in hora Mortis nostrae Ora pronovis sanguisque Gratia plena

Is this the river? The river of the dreamer Her lost reality. Her lost destiny

She lost her destination Her mind was tempted with blood

Her lost reality

Beyond the dark There is a place Where your cries Become dumb
