

Say Goodbye

Forever Slave

From your dark side to the eternity
There's only a way
And it's close to you
Choose your cards
And play your aces
It's not a guessing game.

Say goodbye,
When your bones become dust
And your soul doesn't find a reason for lust.

Say goodbye,
When your body's plenty of bugs
And you know what is the meaning of distrust.
From the other side to our absurdities
