

# The Circles of Tenebra

Forever Slave

The spirits of the monks  
Could steal your soul

Desappeared your soul  
They will give your life to the Oracle

In the south of the Shades  
Is the ancient city of Tenebra

Warrior monks are their guardians  
Reep a secret  
The circles of Tenebra

There was a prophecy...  
Guardians of earth and fire  
Give me your wisdom  
So I can complete my destiny

There was a prophecy...  
Guardians of water and air  
Give me your wisdom  
So I can complete my destiny

Daughter of death and life,  
This is the city of Tenebra,  
Mystic circles are their  
Guardians

They know your secrets  
The circles of Tenebra  
Guardians of the elements  
You need their mercy

Your life is schizophrenia  
And your mind is ifs slave  
The elements will bring your life
