Do or Die

Forever the Sickest Kids

Hey doll, I've been doing some thinking
I've lost all of my senses and feelings
I'm sorry if I lead you on last night, but tonight
I realized I was just caught in the moment
When your eyes met mine
My world came crashing down

You and I, we do the worst things
Do or die, we both break hearts
You and I, we both have a girl
Someone you lost, so I had to let her go

We used to give girls emotions,
But she got, she got the best of us both then
A train wreck, accidental collision we're burning up
I'm so sorry I didn't mean to break your heart
My world came crashing down

You and I, we do the worst things
Do or die, we both break hearts
You and I, we both have a girl
Someone you lost, so I had to let her go

You and I, we do the worst things
Do or die, we both break hearts
You and I, we both have a girl
Someone you lost, so I had to let her go

You won't stop giving your love
You won't stop giving your love away
You won't stop giving your love
You won't stop giving your love away

You won't stop giving your love
You won't stop giving your love away
You won't stop giving your love
You won't stop giving your love away

You and I, we do the worst things
Do or die, we both break hearts
You and I, we both have a girl
Someone you lost, so I had to let her go

You won't stop giving your love
You won't stop giving your love away
You won't stop giving your love
You won't stop giving your love away

So I had to let her go
