Good Life

Forever the Sickest Kids

I want all the right words to write from the tip of my tongue, I want girls coming over at the push of a button, I bet it's nice looking down from the top of the world, I want to feel like I've never felt before.. Hey, I got it all worked out, It's me, not you, I'm thinking about, Hey, I got it all worked out, It's me, not you.. I want the good life, spotlights, fortune and fame, I want the good life, oh oh, Maybe rich, can't be poor, Can't be broke anymore, I want the good life, oh oh, I want the cars, the cash, the girls, the world, I want everything that I don't own. I want the good life, oh oh.. I want it all ... I want all the nice things in life I can never afford, I want to go places I have never been before, Own a house, have a car I can take for a ride, Around town, turning exit, every traffic light, Hey, I got it all worked out, It's me, not you, I'm thinking about, Hey, I got it all worked out, It's me, not you.. I want the good life, spotlights, fortune and fame, I want the good life, oh oh, Maybe rich, can't be poor, Can't be broke anymore, I want the good life, oh oh, I want the cars, the cash, the girls, the world, I want everything that I don't own. I want the good life, oh oh.. I want it all.. Lend me some money, loan me the keys to your car, Have a great trip, I'll take care of everything while you're gone, I want the good life, oh oh (4x) I want the good life, spotlights, fortune and fame, I want the good life, oh oh, Maybe rich, can't be poor, Can't be broke anymore, I want the good life, oh oh, I want the cars, the cash, the girls, the world, I want everything that I don't own. I want the good life, oh oh.. I want the good life, oh oh..
