

Adelaide

Forrest Jump

I'm looking forward to see you taking my hand
By my hand you can try to hit my face
But it's nonsense I believe it's only race by race
By my hand you can try to hit my brain
But it's nonsense I believe that my soul does not stain
Inside me you'll see a little sea
It's deeper and it's stronger than P.M.R.C.
All these things you can do by my hand
But I'm screaming no more misunderstandnd

Don't waste your time kill me by knife
The best way to fight out the strife
But you and me we're grown into one
Hold fast but not for fun
We're short of time our lifes burns fast
Don't wait for forecast
On my soul you can see red sign
Advocating yeah I'm fine

Flying like eagle trying fly to the sky
Adelaide sleeps I take care of her dream
Fighting with evil we can fly so high
No pain no fear we turn to the stream

By my hand ...Adelaide

Flying ...

Don't waste your time ...
