

# My Might

## Forrest Jump

Hey man, come here and listen to me  
It's just a moment but you'll see the whole truth.  
I can change your life and all your thoughts

Crawlin' in my teeth  
I'm fallin' on my knees

I'd like to tell you the only vision,  
Which is truly right  
Anything you will do you should do for me  
So what do you say?

My truth still grows up to the sky  
If you are unbeliever die  
Everywhere you'll see my sign  
If you're still unbeliever die

I hope he's right 'cause there's no one to lead  
There is no one who feeds my mind  
Livin' me I'll die

My truth ...

The only way to satisfy my need  
Is to enforce my thoughts and might  
Lovin' me I'll die

I lie, so what?  
I'm a liar, so what?

My truth ...
