

# My Private Race

Forrest Jump

Welcome in my fairy-tale  
You can only win or fale  
Sit down here by my side  
Relish my private ride  
Reload perversity  
Stop it! Don't feel dirty  
Lie down on a board ...

No, I don't want!  
I really cry  
Why? You're by my side  
I'm really trying to leave  
Why? Don't you believe me?

No, I don't believe you  
'cause you can't tell me the truth  
The truth about me  
I'll kill you than I'll be free

No, I won't die  
Before I finish my ride  
Before I spit in your face

I can't lose my private race!

Fall down! On your knees  
I wanna hear your „Please“  
I'll spit in your face

I can't lose my private race!

My private race  
Your private race  
Our private race!

The winner is ...

I really ...

The winner is ...  
No I don't wanna hear it ...

My private race!

The winner is me!
