

# Miss You

Foster the People

1. Forget your problems, lay it down, they start up  
The innocence of what you are is what I want  
I've ran my colors dripped down and drained out  
Tried a million things, but my heart's been shot  
Well I hope you try to find me, I'm all spun and pacing  
I know what you want to say here, so say it  
Forget the words I'm speaking Just want to rearrange  
So I'll just say it oooooooooooooooooo yeah

R: I really miss you, I miss you, I said  
Smile at the chance just to see you again  
I really miss you miss you, I said  
Yeah Yeah Yeah

2. Heat stroke, death's like, the wrong things that I think are right  
I never knew that I could go as far as this  
I took a problem recently forgotten  
I know who I had been before I slipped  
Oh, I want to change it, I will live a life  
That makes you smile when I'm done here and long gone  
Feverish speaking, just wanna see your face  
Oh, What you say, what you saaaaaaaaay ooooooooooooo yeah

R: I really miss you I miss you, I said  
Smile at the chance just to see you again  
I really miss you miss you, I said  
So look at me now before I walk away  
You just might miss me or miss me one day  
Yeah Yeah Yeah
