

Waste

Foster the People

1. I'll hold your hand when you are feeling mad at me
Yeah when the monsters they won't go away

The windows won't close
I'll pretend to see what you see
How long I say how long
Will you relive the things that are gone
The devil's on your back but I know you can shake him off Mm
mmm

R: And everyday that you wanna wanna waste, you wanna waste, you can

And everyday that you wanna wake up, you wanna wake, you can
And everyday that you wanna change, you wanna change, yeah
I'll help you see it through, 'cause I just really wanna be
with you

2. You know it's funny how freedom Can make us feel contained
When the muscles in our legs aren't used to all the walkin'
Mmmm

I know if you could snap both your fingers, then you'd escape with me

But in the meantime I'll just wait here and listen to you when you speak or
scream

R: And everyday that you wanna wanna waste...
