

'92 Subaru

Fountains of Wayne

I bought a car of couple of ladies way off state
Took of the greenpeace sticker in the middle Hampshire plates
My friends are saying that I may have made a mistake but I
I tell'em to have a little faith now fellas just you wait
Put in the new shocks and the anti-light brakes
One touch ignition for a convenience sake
And when I'm through it's gonna look and run better than new

So baby don't make a move
Because I'm coming for you

I'm coming for you
You better make way 'cos I'm coming through
In my late 92 baby-blue subaru

My cousin kerry is taking a look at the transmission
Putting in a lime green plasma screen television
Seats feel like leather, you can't even tell that they're fake
And I only got a couple easy payments lef to make
Just a little alcohol in the glove compartment minibar
Open up the moon-roof so we sit back and watch the stars
Oh yes and the GPS so I always know where you are

So baby don't go too far
Because I'm coming for you

I'm coming for you
You better make way 'cos I'm coming through
In my late 92 baby-blue subaru

Pumping in are some trip from some swiss mountain
Alarm system so confusing we can't even get in
This thing is a beast value will only increase
In negotiating terms I'm pissing in middleast
There's only three of it's kind they're easy to find
Got people waiting in line to pay me double for mine
So baby just let me now
Are you ready to go?
C'mon sugar let's roll

You know I'm coming for you
That's what I'm gonna do
You better make way 'cos I'm coming through
In my

You know I'm coming for you
Baby now it's true
You better make way 'cos I'm coming through
In my late 92 baby-blue subaru
